A debut collection of autobiographical poems shedding light on trauma, heartache, love, loss, and the poet's self-healing journey. These poems are skeletons that can no longer be kept in the closet; they are secrets come to life; they are a bright light shining in the face of the abuser.

*“Stay until Tomorrow* is a debut book full of courage, resilience, insight, and the poet's deep capacity for love. These poems, conversational in nature, are profoundly healing for survivors and shine necessary light into the dark places.”

—Diana Whitney, poet, editor, and author of *Dark Beds*

“Meghan Wentworth’s poetry is poignant and evocative, exploring themes of growth and connection, the pull between self-reliance and dependence, and survival in the face of trauma and loss. I found myself immersed in the raw honesty of poems such as ‘Secret Garden,’ ‘Peirce Island,’ and ‘Him.’ Wentworth’s verse invites all readers to inhabit profoundly personal spaces of memory, isolation, and confrontation, thereby sparking reflection on how we process our own similar life challenges.”

—Emily M. Hinnov, PhD, professor of English and program coordinator at Great Bay Community College and editor-in-chief of *The Heron*

## AUTHOR BIO:

Meghan A. Patricia Wentworth is a poet who uses her words as a form of self-healing and cathartic release. Originally from Portsmouth, New Hampshire, she currently lives in Dover. Follow her on Instagram @mapw\_nhpoetry.
